COLLEGE OF SCIENCE

1. Department of Health Sciences

a. BSHA 480 Q - Capstone Seminar in Health Administration (Form C – ID# 2770)

Proposed catalog description: BSHA 480 Q - Capstone Seminar in Health Administration (3 credits) (Prereq: Permission of instructor and senior standing) The purpose of this course is to prepare students to meet the challenges they will face in leadership, project management, and other roles of accountability and responsibility in the professional world. Considered the “culminating experience” of the Health Administration program, students integrate academic course work and practical experiences to develop skills for transition from the academic environment to the competitive healthcare marketplace. This course integrates concepts, techniques, and knowledge of all areas of healthcare administration. Students enhance leadership skills and systematic problem and issue analysis through direct participation in case analysis and other focused experiences. F, S.
